MAY 2025

Inside: upcoming events, match reports, important reminders and more!

Thank you to our Volunteers!

Special thank you to these volunteers that helped with the recent Range 3 range work:

- **Neil Lunzmann, Bruce Liesveld, Jeff Shultz, and Craig.** More will be done when it's more dried out.
- Thank you to the practicing trap teams out here that help with so many areas to keep our trap range running well and maintained: **Otoe County 4H, Pound, Southeast, Southside (Pius/Lincoln Lutheran), Southwest, and Sterling Trap teams.**

Member Volunteers Needed

To help maintain and improve our beautiful facilities, we are continually in need of various volunteers to use their talents and time around our ranges, clubhouse, etc. Some volunteer areas that we are seeking are the following:

- Lawn care/Mowing
- Volunteers to help with the replacement of Rifle/Pistol Range backer boards
- Emptying the trash throughout the facilities
- Extra cleaners within our clubhouse to help with window cleaning, cleaning/disinfecting tables and chairs, good thorough kitchen spring-cleaning, dusting, etc.

See another project around the club that you believe could improve our chapter? Please let us know and we are happy to look into it!

If you are interested in helping us fill this need, please contact Managers Craig and Natalie. In the meantime, if you come out to shoot and see a backer that needs replaced or other basic items, you can replace the used backer with a new backer whichever range you are on.

Do You Have an Outdoor Photo to Share?

We are always looking for photos of hunting, shooting, fishing, outdoor adventures, conservation and more to share with Ikes members who have similar interests.

Show us what you've been up to and how you've been enjoying the great outdoors! Send to lincikesnews@gmail.com!

Mark Your Calendars!

We have scheduled our 2025 Annual All Members Banquet for Tuesday, July 29th, 2025. We will have the bar available for you to purchase beverages, will be hosting a nice dinner for our current members and a guest, having a speaker and updates to share about our chapter, and will be electing our new board members. More information will follow but please put this fun annual event on your calendars. We look forward to seeing many of you there!

Wildflowers of Lincoln Ikes: Wild Plum

As you drive into Ikes this spring along 134th, you'll see several trees and bushes with white blossoms. These are wild plums. They are typically bushes but can turn into trees that grow 10-15 feet high. Roll down your window and enjoy their nice fragrance. In a couple months after the blossoms drop, they'll grow small, dark berries, which are plums. These are tasty—if you can get them before the birds do.

Monthly Calendars

Included in this newsletter are the calendars for the next two months.

These are as up to date as they can be before publishing; however, we get updates throughout the month.

To get the most up-to-date calendar, please always check the website calendar at <https://lincolnikes.com/news-events/calendar.html>.

MOVING?

You'll save us nearly a dollar if you make sure we have your new address.

Urgent Message to our Trap Members

We need your cooperation with a few items out here:

1. The boxes are not being broken down on a regular basis, which is filling up our recycling bin faster than necessary (see photo). Our Lincoln Ikes wants to provide the trap rounds at the lowest rate we can to our trap members; however, if we continue to have this issue, we will have no choice but to increase the trap rounds amount.

Thanks to Craig Manson, we now have box cutters (see photo) in each trap house to help cut the tape and make flattening them easier. Please make sure you are breaking down/flattening ALL of the boxes BEFORE you discard them in the recycling bin by Trap #5.

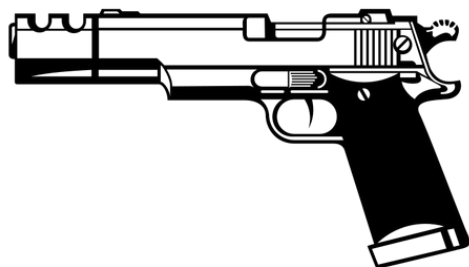

2. We've also found some of the cardboard in the trash barrels on the trap range (second photo). All cardboard needs to be placed in the recycling bin by the rockhouse near Trap #5. Please make sure this is happening so it doesn't add more work to our groundskeeper's/volunteers tasks.

3. With the windy weather that we've had, weights need to be put on top of the recycling bin and trash dumpsters too. With the recent wind, we have a lot of trash that has blown out along our south fence line. Our groundskeeper has provided blocks or weights to be put on top of our recycling bin and trash dumpsters to ensure that the lids don't blow open and blow out the trash.

4. When you lock up the trap houses when you are done, please make sure that the locks are put on correctly. It makes it harder for the next person to unlock it when the numbers are upside down.

5. If you are using the trap scoring chairs, please position the desktop back to the correct position so it is not hanging out unsupported.

Please help us to maintain our Lincoln Ikes and keep the trap round prices as low as we can. If there are areas that you believe we could improve or you are willing to help with, we encourage you to share them with us. Thank you for your cooperation!

Junior and Senior High 2025 Trap Season Completed

Teams started practicing the first part of February, with the season concluding with the state shoot held in Doniphan on the first weekend of May. The Lincoln Ikes trap range was the host site for three Eastern Cornhusker Conference shoots. On March 15th there were 153 Juniors and 262 Seniors, and April 5th there were slightly higher numbers with 170 Juniors and 279 Senior.

On April 26th, Ikes hosted the All-Conference Junior High Shoot with approximately 340 junior high shooters from across the conference. Special thanks to all the coaches and parents that assisted during these shoots to make them run smoothly, especially Jeff Krinke, Aaron Lyons, Todd Walters, Brad Philson, Craig Manson, Danny Wright, and Joe Dawson, along with many others. The computer staff is always very important to running a smooth meet and that group included my wife, Deb, Becky Wright, Phil Seaman and Kent Richard.

An additional thanks to Southside 4H, who ran the kitchens for those that didn't want to cook in the cold and wind. The spring practices and shoots cannot happen without lots of help to keep the range clean and operating, especially loading the trap houses with targets and emptying the barrels of trash, which seem to fill up quickly.

Finding Warmth at a Cold Trap Meet

by Wes Newton

Pulling into the Izaak Walton Gun Club on a crisp, frosty morning, there's always that brief moment where, as a parent, you question the wisdom of leaving a perfectly good bed before sunrise. But within moments, any lingering doubts vanish as you squeeze into the packed parking lot, bustling with trailers decked out in school colors, steaming griddles already sizzling with eggs, bacon and sausage, and hearty laughter echoing between teams setting up for the day's events. It's this organized chaos that makes these early mornings oddly irresistible, a shared camaraderie that even icy fingertips can't dull.

Stepping into the clubhouse, you're instantly wrapped in warmth, both literal and metaphorical. The aroma of freshly brewed coffee mingles with the irresistible scent of biscuits-and-gravy and breakfast sandwiches, inviting everyone to shed their gloves and stamp off the chill. Amid cozy conversations around the long rows of tables, the friendly cooks and various organizers, almost always smiling, make every attendee feel at home, greeting newcomers and regulars alike with genuine warmth. When the first notes of the national anthem drift through the air, everyone pauses respectfully, hats in hand, reminded of the deeper camaraderie that binds this unique community.

Outside, shotguns snap closed, teens chatter with excitement, and squads clad in their warmest jackets brave the chill, eagerly awaiting their turn at the line. Parents clutch hot cups, alternately cheering on their shooters and jokingly complaining about the temperature. Despite the cold, the atmosphere is anything but chilly. It's a morning filled with good-natured ribbing about missed shots, shared pride in personal bests, and the undeniable sense that these frosty mornings at the trap meet offer something genuinely special; a warmth built not by heaters or coffee alone, but by the community gathered together in shared anticipation and friendship.

IHMSA Match Report:

IKES Lincoln, Nebraska

April 13th, 2025

by Chuck Pfitzer

Sunday was a great day for the IHMSA Handgun Match indoor and outdoor. We had a good turn out and some great scores, along with a number of the shooters with new guns, scopes and reloads.

Doug Davis shot a score high enough to give him a leg up into the next higher class. "Good Shooting, Doug."

Robert Babalon shot unclassified for the first time in the BB UAS event, with the score of 25/40, putting him in the AA Class for the upcoming matches. Robert was shooting a FA 41 Mag gun, so we will be seeing his upcoming scores climbing in the upcoming matches.

Jeff Shultz shot two 39/40 scores with two different Air guns in UAS, 7 INT Class. "Good Shooting, Jeff."

Now some not so good news: Ron TeSelle had an injury Saturday night that kept him from shooting Sunday's matches. Wishing you a speedy recovery, Ron!

The game is quite simple. There are targets cut in the shape of four animals of progressive size set at four distances. For the .22 and field pistol the Chickens are at 25 meters, pigs at 50, turkeys at 75 and rams at 100. In the big bore classes the chickens are at 50 meters the pigs at 100 meters, turkeys at 150 meters and the rams at 200 meters. There are banks of five animals at each firing point, which are shot through twice each for a total 40 round course of fire. There is a thirty second loading period followed by a two-minute firing time for each bank of five targets. After shooting through each set of animals twice, you move to the firing point for the next animal. The average course of fire takes about 30 to 40 minutes.

We shoot three disciplines here at the Ikes, big bore, small bore (.22) and field pistol (center fire, straight walled cases no longer than 1.290"). Within these disciplines there are enough categories to accommodate almost any handgun you may own, either with or without a scope.

It is set up so that you can shoot several guns per match if you want. Your first score determines your class so you are only shooting against shooters of like ability.
