LOST & FOUND

Please contact the office if you are missing any items.

2026 National High School Rodeo Association Finals in Lincoln

This year, our Lincoln Ikes will be the host site for the NHSRA Finals shooting events, Light Rifle Competition and Trap Competition. This will affect some of our members access during this time on the trap range as well as Rifle Range 2.

- They will begin setting up for these events on Sunday, July 19th, in the afternoon on the Rifle Range 2.
- Then, they will have a practice day on the Rifle Range 2 and the trap range on Monday, July 20th.
- On Tuesday and Wednesday, July 21st and 22nd, they will have their Light Rifle Competition Days and trap practice.
- On Thursday and Friday, July 23rd and 24th, they will have their Trap Competitions on these days.

We are looking for various volunteers throughout these special competition and practice days. In 2021, we were the host sight for these events and it was a great time working together with the NHSRA folks as well as the competitors and their families, who come from all over (even other countries this year!).

If you are interested in volunteering at our Lincoln Ikes during this special week, please let us know. We have some time before this event, but we want to get as much planning in place to help it run as smoothly as it can. Thank you for considering and please reply to ikes.lincoln@gmail.com if you would like to help.

Thank You, Ikes Volunteers!

A huge thank you to all that helped us throughout this past month in various ways around our facilities. We thank many who have helped us with:

- All that helped us clear our trap ranges, sidewalks, parking lots, trails, and firing lines after recent snowstorms (including our practicing trap teams)
- Emptying the full trash bins on the trap ranges
- Loading the trap houses with more trap targets
- Helping round up volunteers for specific projects including those who have come out and have taken the time to change the shot-up backer boards
- Volunteering for various miscellaneous clean up projects
- Taking out volunteer trees around the property

We have some great volunteers who don't wish to be published but have pitched in in various ways that all really help to keep our club looking great and running smoothly.

To each of you, we thank you all for your help!

Weather and Range Reminders

During the winter months, we try to get the parking lot and the roads leading up to Rifle/Pistol Ranges 1, 2 and 3 plowed as soon as possible. However, when we get a lot of snow or precipitation, all the traps and the cemented areas around the rifle and pistol benches/firing lines can be buried in snow and/or ice. With that in mind, we want all members to be aware of the following if they plan on shooting out here after inclement weather:

IF YOU ARE A RIFLE/PISTOL MEMBER:

1. You may need to scoop/clear your area first.
2. **DO NOT GO OFF ANY TRAILS THAT HAVE NOT ALREADY BEEN PLOWED.** We cannot guarantee that someone will be out here to help at certain times.

IF YOU ARE A CURRENT TRAP MEMBER:

1. The area around the traps and the fan may not be cleared.
2. The locks will most likely be frozen. You can hold them in your hands for a while to warm them up if needed.
3. Make sure you warm up the machines PRIOR to arming and starting to throw the rocks.
4. You will have to clear any snow away from the machine and pump PRIOR to running it. With the wind that brings in snow, sometimes snow can get inside the traps. We welcome any volunteers who are willing to come clear these areas during these weather conditions. If you are able and interested, please contact the managers.

IHMSA Match Report: IKES Lincoln Nebraska

February 2026 Match Results

IHMSA Match Director: RonTeSelle

BY Chuck Pfitzer

Great day for the Match in the IKES Clubhouse for the IHMSA Pellet Pistol Match.

I was offered to shoot one of Jeff Shultz air guns and I couldn't turn it down. My first time shooting the Air Gun Match and I was lucky to shoot a score of 38/40. I shot unclassified and with the score of 38/40 putting me in the AAA Class for the next time. I was blown away by no wind to deal with. At my first chicken miss I called a flyer but they didn't buy it. (It didn't work, I don't know why?)

If you are reading this and would like to know about shooting without wind come to the next Match, March 15th.

This was the day of shooting scores of 38/40's Jeff and Mike tied in INT Class and the winner was decided by a coin toss and Jeff won the coin toss. Good shooting to both shooters.

Next Match: March 15th 2026 Air Pistol Pellet Match

During the Summer Trap League season, shooting typically starts at 6:30 p.m. and ends around 9:00-9:30 p.m. The team that shoots at 6:30 p.m. one week will shoot at 7:00 p.m. the next week. Only the team members on the roster are allowed to shoot. Scores the first two weeks of the Summer League along with team's shooting ability in the past will be used to classify (AAA, AA, A, B, etc.). The first round will be from the 16-yard line and based on the team score, a handicap yardage will be assigned. Teams will be assigned on who they are competing against which will change every week.

The game is quite simple. There are targets cut in the shape of four animals of progressive size set at four distances. For the .22 and field pistol the Chickens are at 25 meters, pigs at 50, turkeys at 75 and rams at 100. In the big bore classes the chickens are at 50 meters the pigs at 100 meters, turkeys at 150 meters and the rams at 200 meters. There are banks of five animals at each firing point, which are shot through twice each for a total 40 round course of fire. There is a thirty second loading period followed by a two-minute firing time for each bank of five targets. After shooting through each set of animals twice, you move to the firing point for the next animal. The average course of fire takes about 30 to 40 minutes.

We shoot three disciplines here at the Ikes, big bore, small bore (.22) and field pistol (center fire, straight walled cases no longer than 1.290"). Within these disciplines there are enough categories to accommodate almost any handgun you may own, either with or without a scope.

It is set up so that you can shoot several guns per match if you want. Your first score determines your class so you are only shooting against shooters of like ability.
