

Lincoln Izaak Walton League

Project Appleseed

March 22, 2025 (One Day Event)

This is a traditional 25m Project Appleseed rifle event.

Both Centerfire and 22 Rimfire rifles are allowed at this event.

Register Now at <https://appleseedinfo.org/location/?locationid=248&eventid=10772>

Safety Notice:

- Keep ALL firearms in your vehicle until after the safety briefing and you are instructed to bring them to the firing line.
- No illegal firearms are allowed.
- At centerfire-friendly ranges, rifle cartridges are limited to 8mm (rifle) or .45 caliber (pistol and pistol caliber carbines).
- Effective 2021, The Smith & Wesson M&P 15-22 rifle can again now be used at Project Appleseed clinics. For more details, see: [How to Prepare](https://appleseedinfo.org/how-to-prepare/), at <https://appleseedinfo.org/how-to-prepare/>
- Parents of youth attending, please read our [Message to Parents](https://appleseedinfo.org/message-to-parents/), at <https://appleseedinfo.org/message-to-parents/>

Subject to state and local laws, Instructors at your event may have discounted .22 ammo available. Reach out to the contact at the bottom for availability.

Range Fee: \$10.00/current range member
\$15.00/Non-Lincoln Ikes member

Details:

We will shoot at 25 meters. Bring a .22 rimfire rifle and some spare mags and gain valuable marksmanship skills without using up your expensive center fire ammo. You will want about 400 - 500 rounds. GI web sling highly recommended. Centerfire is welcome, so if you have a new high-power rifle or new mags you want to test drive at 25-meters, that is OK too. While it is expensive, there is no better way to learn if you can depend on your equipment than putting 400 - 500 rounds through it in.

- No Tracer, AP, or incendiary ammo allowed (fire hazard, hard on steel targets). Attracts a magnet is OK.
- Please leave your rifles in the car until asked to bring them to the firing line.
- Please, no handguns (concealed or open) on the firing line.
- Bring layered clothing, raingear, a windbreaker, and lightweight gloves, eye protection, and hearing protection. Dress for the weather and bring raingear if forecasted.
- Bring a lunch, snacks, and plenty of water. A shooting jacket will be extremely helpful, especially if shooting a high-power rifle, and a shooting mat may make prone and sitting positions more comfortable.
- No alcohol permitted.
