APRIL 2025

*Inside: upcoming events, match reports, important reminders and more!*

## Mark Your Calendars!

We have scheduled our 2025 Annual All Members Banquet for Tuesday, July 29<sup>th</sup>, 2025. We will have the bar available for you to purchase beverages, will be hosting a nice dinner for our current members and a guest, having a speaker and updates to share about our chapter, and will be electing our new board members. More information will follow but please put this fun annual event on your calendars. We look forward to seeing many of you there!

## Upcoming Lincoln Ikes Events

With the warmer weather coming soon, we will begin hosting many events, matches and leagues. These are open to our members as well as the general public. More information and match fees can be found at the back of this newsletter with their respective flyers. If you have any questions regarding these events, please reach out to the Match or Shoot Directors listed on these flyers.

## Youth Trap Teams Practicing on the Trap Ranges

We currently have six junior and senior high school trap teams that use our trap ranges for their scheduled practice sessions. These sessions run through April 30<sup>th</sup>. Therefore, the trap ranges will be closed for these team practices for the following days during the following times:

Sundays:	12:00 noon – 4:30 p.m. (2 traps only)
Mondays:	3:00 – 6:30 p.m. (all traps)
Tuesdays:	4:00 – 6:30 p.m. (all traps)
Wednesdays:	3:00 – 6:30 p.m. (all traps)
Thursdays:	4:00 – 6:30 p.m. (all traps)
Fridays:	4:30 – 7:00 p.m. (5 traps)
Saturdays:	12:30 – 3:00 p.m. (3 traps)

The remaining 2025 ECTC meets held at our ranges usually run most of the day on April 5<sup>th</sup> and 26<sup>th</sup>. The trap range will be closed during these meets until they are completed. Good luck to all our youth trapshooters!

## Cornhusker State Games Participant Discounts for Lincoln Ikes Members

The Cornhusker State Games has moved their shooting sports events to the Heartland Public Shooting Park near Grand Island. However, they are offering our Lincoln Ikes members a \$5 discount off registrations. If you are interested, use the code "IKES5" to get this discount.

## Do You Have an Outdoor Photo to Share?

We are always looking for photos of hunting, shooting, fishing, outdoor adventures, conservation and more to share with Ikes members who have similar interests.

Show us what you've been up to and how you've been enjoying the great outdoors! Send to [lincikesnews@gmail.com](mailto:lincikesnews@gmail.com)!

## Volunteers Needed

Thank you to our many volunteers that helped at our March 15<sup>th</sup> ECTC meet! We need more volunteers during our upcoming trap meets as noted above (April 5<sup>th</sup> and 26<sup>th</sup>). If you are willing and available or would just like to discuss this further for more details, please contact our Trap Chairman Dave Tunink at [dtunink1971@gmail.com](mailto:dtunink1971@gmail.com). These trap meets usually require volunteers from 7:00 a.m. until they are finished, which can be mid to late afternoon. Thank you for considering.

## Thank you to our Volunteers!

Special thank you to these volunteers that helped with the recent trap target delivery: **Neil Lunzmann, Tom Shea, Dave Tunink, Danny Wright and Craig**. We couldn't do it without you!

## New First Aid Kits

During the next month or so, new First Aid boxes will be mounted on Rifle/Pistol ranges 1–4, the shelter by the pond and on the fences south of the trap ranges near traps 2, 4 and 6. The bright orange boxes contain 2 distinct containers that are mounted with Velcro to the lid and to the back of the main box.

The container mounted to the lid is a Plano box with an assortment of Band-Aids. It is not necessary to remove the Plano box to retrieve a single Band-Aid.

The shrink-wrapped package attached to the back of the orange box is a Stop the Bleed kit containing a C-A-T tourniquet, QuikClot bleed control dressing and instructions, among other material. This is intended for much more serious injuries.

Please help the Ike's maintain these First Aid Kits by only opening them if you have a need. Hopefully they will never be used.

## .22 Rimfire Challenge Fun Match

The first .22 Rimfire Challenge Match of the season will be held April 12<sup>th</sup> due to a scheduling conflict. Normally, they are held on the last Saturday of the month.

Based on last year's returning shooters and the number of new shooters I've spoke to over the winter, this fun match should be well attended again this year.

If you have any questions concerning the match, please contact Neil Lunzmann at (402) 469-6501 or [neil.lunzmann@gmail.com](mailto:neil.lunzmann@gmail.com)

## Monthly Calendars

Included in this newsletter are the calendars for the next two months.

These are as up to date as they can be before publishing; however, we get updates throughout the month.

To get the most up-to-date calendar, please always check the website calendar at <https://lincolnikes.com/news-events/calendar.html>.

**MOVING?**

You'll save us nearly a dollar if you make sure we have your new address.

## LOST & FOUND

## Urgent Message to our Trap Members

We need your cooperation with a few items out here:

1. The boxes are not being broken down on a regular basis, which is filling up our recycling bin faster than necessary (see photo). Our Lincoln Ikes wants to provide the trap rounds at the lowest rate we can to our trap members; however, if we continue to have this issue, we will have no choice but to increase the trap rounds amount.

Thanks to Craig Manson, we now have box cutters (see photo) in each trap house to help cut the tape and make flattening them easier. Please make sure you are breaking down/flattening ALL of the boxes BEFORE you discard them in the recycling bin by Trap #5.

2. We've also found some of the cardboard in the trash barrels on the trap range (second photo). All cardboard needs to be placed in the recycling bin by the rockhouse near Trap #5. Please make sure this is happening so it doesn't add more work to our groundskeeper's/volunteers tasks.

3. With the windy weather that we've had, weights need to be put on top of the recycling bin and trash dumpsters too. With the recent wind, we have a lot of trash that has blown out along our south fence line. Our groundskeeper has provided blocks or weights to be put on top of our recycling bin and trash dumpsters to ensure that the lids don't blow open and blow out the trash.

4. When you lock up the trap houses when you are done, please make sure that the locks are put on correctly. It makes it harder for the next person to unlock it when the numbers are upside down.

5. If you are using the trap scoring chairs, please position the desktop back to the correct position so it is not hanging out unsupported.

Please help us to maintain our Lincoln Ikes and keep the trap round prices as low as we can. If there are areas that you believe we could improve or you are willing to help with, we encourage you to share them with us. Thank you for your cooperation!

**IHMSA Match Report:**

IKES Lincoln, Nebraska

March 16th, 2025

*by Chuck Pfitzer*

Sunday, March 16th was another good day at the IHMSA indoor air pellet Match.

Last month, Mike Alexander moved up from AAA class to INT Class. He had the 40/40 score to do so and this month Mike repeated that score with another 40/40. "Good Shooting, Mike." Randy TeSelle shot a nice score of 35/40, edging him closer to that AAA class. "Good Shooting, Randy." Next month, we will be shooting both indoor air pellet gun matches and then, for the other half of March, we will be shooting on range #4 in the afternoon (weather permitting). Looking forward to getting out and doing so.

For anyone that has not tried your skills with a handgun at long range, come to Range #4 on Sunday, April 13th. I would be glad to assist you in any way I can.

Next Match: April 13, 2025

## Details:

We will shoot at 25 meters. Bring a .22 rimfire rifle and some spare mags and gain valuable marksmanship skills without using up your expensive center fire ammo. You will want about 400 - 500 rounds. GI web sling highly recommended. Centerfire is welcome, so if you have a new high-power rifle or new mags you want to test drive at 25-meters, that is OK too. While it is expensive, there is no better way to learn if you can depend on your equipment than putting 400 - 500 rounds through it in.

- No Tracer, AP, or incendiary ammo allowed (fire hazard, hard on steel targets). Attracts a magnet is OK.
- Please leave your rifles in the car until asked to bring them to the firing line.
- Please, no handguns (concealed or open) on the firing line.
- Bring layered clothing, raingear, a windbreaker, and lightweight gloves, eye protection, and hearing protection. Dress for the weather and bring raingear if forecasted.
- Bring a lunch, snacks, and plenty of water. A shooting jacket will be extremely helpful, especially if shooting a high-power rifle, and a shooting mat may make prone and sitting positions more comfortably.
- No alcohol permitted.

The game is quite simple. There are targets cut in the shape of four animals of progressive size set at four distances. For the .22 and field pistol the Chickens are at 25 meters, pigs at 50, turkeys at 75 and rams at 100. In the big bore classes the chickens are at 50 meters the pigs at 100 meters, turkeys at 150 meters and the rams at 200 meters. There are banks of five animals at each firing point, which are shot through twice each for a total 40 round course of fire. There is a thirty second loading period followed by a two-minute firing time for each bank of five targets. After shooting through each set of animals twice, you move to the firing point for the next animal. The average course of fire takes about 30 to 40 minutes.

We shoot three disciplines here at the Ikes, big bore, small bore (.22) and field pistol (center fire, straight walled cases no longer than 1.290"). Within these disciplines there are enough categories to accommodate almost any handgun you may own, either with or without a scope.

It is set up so that you can shoot several guns per match if you want. Your first score determines your class so you are only shooting against shooters of like ability.
