The game is quite simple. There are targets cut in the shape of four animals of progressive size set at four distances. For the .22 and field pistol the Chickens are at 25 meters, pigs at 50, turkeys at 75 and rams at 100. In the big bore classes the chickens are at 50 meters the pigs at 100 meters, turkeys at 150 meters and the rams at 200 meters. There are banks of five animals at each firing point, which are shot through twice each for a total 40 round course of fire. There is a thirty second loading period followed by a two-minute firing time for each bank of five targets. After shooting through each set of animals twice, you move to the firing point for the next animal. The average course of fire takes about 30 to 40 minutes.

We shoot three disciplines here at the Ikes, big bore, small bore (.22) and field pistol (center fire, straight walled cases no longer than 1.290"). Within these disciplines there are enough categories to accommodate almost any handgun you may own, either with or without a scope.

It is set up so that you can shoot several guns per match if you want. Your first score determines your class so you are only shooting against shooters of like ability.
